GENESIS[®]
Bowl Your Game™

GENESIS[®] Adrenaline

VERSATILE COVERSTOCK: Try it Dull or Polished!

The **Adrenaline™** delivers the smooth, versatile ball reaction we all desire. The combination of our **Posi-Traxx™ Solid** cover and med-low Rg **GC-90™** core picks up early, with a consistent mid-lane read that transitions into a continuous angular motion through the pins. It's a true benchmark ball and why we say... "No matter your style, everyone can use a shot of Adrenaline!"

Ball Motion - Think of the **GC-90™** core as the big block engine that's designed to hook up with the early traction of the **Posi-Traxx™ Solid** coverstock, then deliver a strong, continuous power band through the back end for punishing pin carry, due in part to an undersized core wrap for a higher C.O.R. value than what's typical of a 3 piece ball. It's the shot you need in the heat of competition!
