GENESIS[®]
Bowl Your Game™

GENESIS® Ignitor™ Burn

The driving force behind the Ignitor™ Burn is its Afterburn™ Pearl Reactive coverstock that's been formulated to get you through the burn, and still make the turn. Fan those flames even further with the symmetrical Power Cube™ CR (Controlled Rotation) core, and you've got the ultimate skid-flip ball that will leave you standing tall when the smoke clears.

Ball Motion - The core / cover combination of the Ignitor™ Burn brings the heat with a well defined skid-flip shape. You will notice effortless skid until late in the mid-lane, then a very angular move that starts at the break point and does not stop until it smokes through the pins.
